List of publications

Research articles:

Review articles:

2. Recent advances in the research of 2,3-diaryl-1,3-thiazolidin-4-one derivatives as potent HIV-1 non-nucleoside reverse transcriptase inhibitors, (2012), Ye Tian, P. Zhan, Diwakar Rai, Jiyuan Zhang, Erik De Clercq and Xinyong Liu, Curr Med Chem, 19, 2026-2037.

Symposia:

Abstracts

2. Benzamides and sulfonamides derived from 2-amino-5-bromo/nitropyridine as probable antibacterial agents, (5th February to 7th February, 2011), Pramod K. Sharma, **Diwakar Rai** and Ramendra K. Singh. National seminar on Interface of industry, Biology and Chemistry Research in 21st century at Allahabad
University, Chemistry Department, Allahabad Chapters of ISCA & Indian Chemical Society, P, 30.

3. In-silico design of novel NRTIs against HIV-1, (29th August - 3rd September, 2010), Garima Kumari, Diwakar Rai, Madhu Yadav and Ramendra K. Singh, IRT 2010 - XIX International Round Table on Nucleosides, Nucleotides and Nucleic Acids Lyon, France, PB083, pp. 227-228.

Conference on Innovations in Indian Science, Engineering & Technology, NPL, New Delhi, India, July 17-19, P, 259.
